## Who We Are

ITP, A company that started its journey in 1987 with a passion for craft doors that are inviting and stand the test of time.

With the market flooded with flush doors, ITP's introduced its first-ever concept of a Ready-made, factory-finished door with frames.

Recognizing the growing demand for modern living spaces, ITP introduced uPVC and Aluminium windows & doors, bringing in a perfect amalgamation of style and durability, with this understanding, we ventured into modular furniture and interiors. Every piece, from sleek cabinets to ergonomic workstations, is a testament to ITP's dedication to creating inspiring and comfortable spaces.
